STEEL BAR HANDLE Pads

With four integrated steel bar handles, our high quality, heavy duty pads are easy to lift and reposition, whilst providing incredible strength and load distribution. Engineered to withstand extreme pressure with load capacities of up to 300 tonnes, we can guarantee unrivalled support and durability for the toughest lifting application!

- **Easy to handle, lift and position around the work site**
- **Offers protection against water, corrosion and splintering**
- **Engineered from high performance UHMW polyethylene**

LIFETIME WARRANTY
QUALITY GUARANTEED

INTEGRATED STEEL BAR HANDLE

Integrated steel bar handles designed to aid lifting, so they can be safely lifted and manoeuvred around the work site.

SAFE & SECURE

Weighing considerably less than steel, and resistant to water, corrosion and splintering…they're built to last!

TOUGH ENOUGH

Engineered to withstand heavy loads transfers, providing maximum strength and support for even the toughest lifting application.

EASY LIFTING

Easy to move, transport and reposition, meaning set-up time is minimalised and onsite productivity improved.

DIMENSIONS (MM)	LOAD CAPACITY (TONNES)	WEIGHT (KGS)	PRODUCT
