INTERLOCKING MULTI MAT SYSTEM GUIDE 1500MM

Manufactured to our premium pad specification our multi mat system offers the perfect solution for large scale crane lifting. Excellent durability and rigidity reduces the overall pressure directed at the ground effectively supporting the equipment.

INTERLOCKING MULTI MAT SET-UP

Stage 1 - Position the first level of interlocking mats

Stage 2 - Place the second level on top at 90 degrees

Stage 3 - Add a circular pad on top to secure

Please note: Ensure there are no gaps or debris present in the set-up. If in doubt refer to your lift plan.

Our NEW interlocking multi mat system is designed to be set-up quickly and easily by forcing the mats into the correct position and eliminating gaps

MULTI MAT OPTIONS 1500MM

IP-58868
1500x565x50

IP-57683
1000x60mm

IP-57685
1200x60mm

Dimensions (mm)	Weight (kgs)	Product Code
1500x565x50	41.00	IP-58868
1000x60	44.50	IP-57683
1200x60	64.00	IP-57685

Please note: Capacity based on complete Multi Mat system. These configurations are calculated for the max ground pressure of 5kgs/cm², for normal operational conditions.

CONFIGURATION OPTIONS 1500MM

1.50m² Configuration
Requires:
IP-58868 x 2
IP-57683 (Optional)

2.25m² Configuration
Requires:
IP-58868 x 5
IP-57683 (Optional)

3m² Configuration
Requires:
IP-58868 x 7
IP-57685 (Optional)
