RENTAL

FROM OUTRIGGERPADS

We are now offering a rental option available across a number of outrigger pads and multi mats. Customers are invited to submit their rental enquiry, upon which we will issue a rental quote.

Customers can rent our products for an agreed period, after which they will have the option of either returning the items or extending the rental period providing a week's notice is given.

All we require is for customers to pass our credit check, set up a credit account and send us their purchase order.

A variety of products are available to rent including our Multi Mats (in sets of 20 or more) and Outrigger Pads in sizes 1000mm upwards.

STABLE SUPPORT

Our pads can withstand extreme vertical pressure and adapt to the contours of uneven terrain - changing back to their original shape after use.

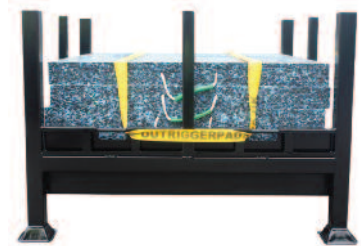

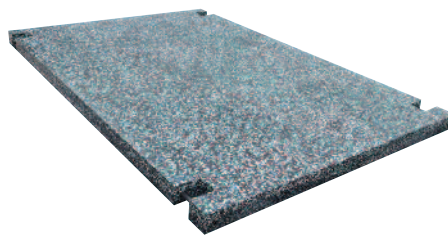

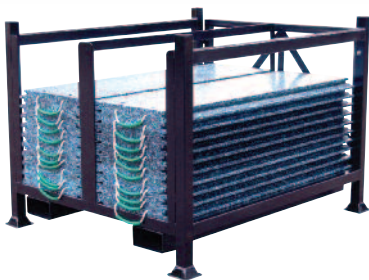

SAFE & SECURE

Resistant to water, corrosion and Splintering...they're built to last!

TOUGH ENOUGH

Engineered to withstand heavy loads transfers, providing maximum strength and support for even the toughest lifting application.

HOW TO RENT OUR PRODUCTS:

- ➔ Contact us to request a quote
- ➔ Meet our credit & insurance requirements
- ➔ Sign our Rental Agreement
- ➔ Send us your purchase order
- ➔ Goods delivered to you the next day
